Loading... Download APK Add reviews SUBSCRIBE TO UPDATES Gamre: Adventure Games Version: 1.45 Developer MDickie Requirements: Android 5.0+ Update Date: 23.08.2022 Publication date: 20.09.2019 Rated for: 12+ years Hard Time mod apk (Unlocked) is another project from MDickie. And it means that gamers have prepared not only the style of graphics and animation familiar to fans but also the original story, freedom of choice, non-linearity, and a lot of everything that makes games from this developer and become so popular. The main character will be a cool character who is very unlucky. Sentence. Sending to prison in a strict regime. And very little chance of survival in a place where he waits for nothing good. But that doesn't mean you have to put your hands down. Players will be engaged in feverish activities and will try to subdue the entire correctional facility. You can download the game Hard Time mod (Unlocked) below by clicking on the link. Download Hard Time (Prison Sim) v1.45 (Original Google Play) (25,1 MB) Download Hard Time (Prison Sim) v1.45 Mod (Unlocked) (24,4 MB) On our site you can easily download Hard Time (Prison Sim) .apk! All without registration and send SMS! With good speed and without virus! Make your own inmate and try to live in a prison where each sentence is a 'departure' sentence in Hard Time Mod Apk. One of the best Adventure game in Mod version.Rub shoulders with around 100 fellow inmates in a sprawling prison of 12 unique places, each filled with completely interactive furniture and props. Plus a lifetime beyond the prison populated by actual civilians, with wardens implementing heaps of different laws to prevent you from making a break for it.Hard Time Mod Apk Unlocked-Every day, you'll find your wellbeing and psychological state slipping away. Both may be revived by sleeping - that is also a fantastic way to pass time. You won't always be allowed to sleep, however, so consuming food and beverage bridges the gap. These, together with many other activities like reading or watching TV, can also help improve your mental state. \_Hard Time Mod Apk Features:Your character also has a set of features that You're challenged to improve: - STRENGTH suggests how much damage you can inflict or consume. You can enhance it by fighting or lifting weights. - AGLILITY decides how quickly you move. You can enhance it by running in the lawn or scoring baskets. - INTELLECT reflects your knowledge - like fighting abilities such as counters. You can enhance it by reading books. - REPUTATION is how much other offenders respect you.Additionally, there are opportunities to make money - whether you work for it with a broom, trade items in a profit, or run with a bunch.Hard Time Mod Apk Free Download NowYou may realize that you will need to visit the bathroom from time to time, in which case you have to race to the toilet! As an alternative, you could get a bathroom to sit on or grab some toilet paper to spare your blushes. Failing to do this will harm your reputation and psychological condition.I regret that there's more to this sport than I could ever explain here, so I hope you like figuring some things out on your own.Update to"VIP" to enjoy the complete experience without advertisements - and access to the editor which permits you to customize your character and each other.BASIC CONTROLS Hard Time Mod Apk :(\*Watch out for tutorials inside the actual game) The game utilizes buttons where letters such as GTA signify what they do: G = Grapple / Twist weapon T = Taunt (interact with handheld props) A = Attack (on its own to kick, with a way to punch) R = Run P = Pick-Up / FallOTHER CONTROLS- Twist the clock to pause the game and bring up options to depart. - Touch any speech bubble to rate through conversations.PERFORMANCE- If you discover your device struggles to exhibit a great deal of characters, considering keeping the "Population" alternative low. -"Speed Up Frame Rate" sleeping will require decent performance in the default frame rate. - Head into the"Screen" options to tone down other features. - Wider display better suited to modern phones. - Faster frame rate recommended by default (150%). Advertisement Sim games always attract players thanks to their unique storylines as well as interesting and innovative gameplay. And Hard Time (Prison Sim) MOD APK I'm about to introduce below is also one of those games.Introduce about Hard Time (Prison Sim)Developed by MDickie, Hard Time (Prison Sim) gives players a realistic prison simulation system along with wrestling, fighting system even stronger than previous games. This game also promises to bring players endless hours of entertainment, do not hesitate any longer but do not join right away?Besides, School Days MOD APK is another Mdickie's sim game you can try.GameplayPlayers will be free to create a character and try to survive in a harsh prison environment. Be careful because sometimes just a single word can lead to a painful death. Hard Time (Prison Sim) provides players with a large environment of up to 12 areas with full furniture as well as props for interacting characters and more than 100 different inmates. The game not only revolves around life in prison, but it also extends to life outside the prison with many free-living residents. In particular, there are inspectors who enforce a variety of laws to prevent someone from doing something wrong.Each prison area will have a different gang ruled. The task of the player is to defeat the gangs and rise to become the head of the prison. Can you fight, evade the attention of the prison guards and climb to become the "ruler" inside the prison?Combat systemIf you follow MDickie's games, you will find that most of them are designed with a wrestling system with many details. Of course, players can also customize the skills for their characters to be able to overcome tougher challenges. Thanks to these, Hard Time (Prison Sim) is rated by gamers as more realistic than any AAA game to date. And it gives players the most realistic fighting feeling. To win quickly in the fight, you need to choose the skills and coordinate them in a unique style. Improving the overall performance of the character as well as individual control techniques are essential. Practice increasing your agility, strength, intelligence, and reputation. In addition, you can also do some other jobs to make more money. Character control is quite simple by touching the buttons on the screen to use the corresponding skills: G = Grapple/Throw, T = Taunt, A = Attack, R = Run, P = Pick up/Drop.There are also some small tips to control players to create stronger attacks (combos). For example, combine A and R to launch a powerful attack. Or combine R and P at the same time to burn objects and throw them at the opponent. In addition, if you are unfinished one game but you can not continue playing, you can touch the clock to pause. If you feel the conversations are long, and not important, click on them to skip.CharactersYour character is a normal person. Therefore, his morale and health will also be reduced, especially after the fighting. To restore the best state, you must let your character rest. However, you are not always allowed to sleep, so you can also do some other things like reading, watching TV to help improve your mental state. Especially if your character does not rest, he will be in a state of incontinence. It signals a problem because you can't control him for a while. Therefore, you need to improve the character in many aspects, includes:Agility: Helps the ability to move faster. This is a great advantage to create attacks, making the opponent unable to dodge. They are improved by exercise or jogging.Strength: Indicates the amount of damage a character can cause or absorb damage and minimizes damage. You can improve with physical activities such as lifting weights or fighting. Although his muscles were not noticeably noticeable, his stamina was pushed to a higher level.Intelligence: This index reflects the knowledge he has. As more knowledge becomes available, he recovery and training work better and faster. Read books, that's the way to be a wise person.Reputation: This is a condition that helps players become leaders. Complete more missions, or bully others to get their respect.As you can see, these are quite realistic and it also proves how well MDickie focused on their product.MOD APK version of Hard Time (Prison Sim)MOD FeatureVIP Unlocked: Some features and content of the game are locked if you have not paid to unlock VIP. That's why you need the VIP unlocked MOD version of HappyMod.Download Hard Time (Prison Sim) MOD APK for AnroidAlthough inside the prison, you can escape the prisoner's control to become the ruler of the other prisoners. Money in this game is quite important and you can earn in many different ways. Then, use them to increase the intimacy of relationships, maintain your gang and bribe the police to make life easier. Sim games always attract players thanks to their unique storylines as well as interesting and innovative gameplay.
